

The Parish of St Ive Presents...

The Together Project is a year-long project until spring 2023, focusing on local energy, food, social and environmental needs. It has been designed by local people who are part of the Parish of St Ive Community Resilience Project, and it has been funded by the National Lottery Community Fund.

The aim of The Together Project is to build on the strengths of our community, and to pull together to meet future challenges with strength and confidence. Working together, everyone living in the parish of St Ive could benefit from greater community connection, better health and well-being, and more sustainable local food and jobs. The events of the last few years have encouraged us all to recognise the importance of investing in our community. We want to learn from the old ways and be inspired to develop new ways in which we can continue to improve our parish together,

Over the next year we invite you to join us in any way you can and be part of shaping and developing this unique opportunity for our parish

**This is our community, our environment and our children's future.
What do we want that future to be?**

The Together Project or POSICRP

For our event on Saturday the 3rd of December we will be offering creative family workshops, run by artist Alex Brown & local forest school practitioner Rose Archer. The workshops are provided to encourage all of our community members, no matter how young, to be involved and have their voices heard. These creative workshops will be lively and engaging drop-in sessions, running from 10:30am.

How to get involved:

If you would like to be part of the Together Project in any way, big or small, please contact: posicrp@gmail.com or phone 07768 130520
